Re: Tabor Electronics Ltd. – Approved for AEO (Authorized Economic Operator)

Company Tabor Electronics Ltd. V.A.T number 510573157, has volunteered to the Authorized Economic Operator program of the Israel Customs Directorate.

During the verification process, the company has been examined both by financial and regulatory parameters and by security parameters with respect to the trade facilitation and the security of the supply chain.

After all the parameters were examined, I am pleased to inform that your company has met the conditions of the program and it is **approved for an Authorized Economic Operator** as of January 17st 2018.

The Israel Customs Directorate sees your company as a partner for the trade facilitation and security of the international supply chain and expects you to act towards a continuous improvement in this field as well as to meet the standard of excellent and transparent activities with the authorities.

Congratulations and good luck,

May we have a fruitful co-operation,

Amir Krohn

Chief Coordinator
Authorized Economic Operator
Israel Customs Directorate
